PRODUCTS CATALOGUE 2022

MESSAGE FROM CHIEF EXECUTIVE

Dear,

Thank you for trusting on Hero for being the quality conscious mind. We ensure you our best cooperation through providing quality products and by creating new designs along with adopting the latest techniques of production. By grace of ALLAH we had globalize our vision from local market to international as well as from house wiring products to the high tech energy saving products. We feel it pleasure to be the only manufacturer of energy saving products in Pakistan having the most up-to-date technology and laboratory, equipped with the latest equipment.

This is all, because we always focus on quality and creativity, which is our backbone, and only for the reason that "If we don't take care of our customers somebody else will". So for improving our quality of products and market strategy we have always welcomed the suggestions of our customers, and in future also we shall be highly grateful to you for this.

ABOUT HERO ELECTRIC

Journey of Hero Electric start back in 1974, under the auspicious leadership and vision of Late Ch. Muhammad Din. First the company started manufacturing of house hold electrical accessories (switches and sockets) to fill the gap in market and satisfying needs of quality conscious customers. Foreseeing huge potential and massive growth opportunities, company invested heavily in R&D and adopted latest technology as need of time and to keep its products for latest trends year after year. This was the reason the brand became synonymous for high quality, innovative, elegance, stylish, and uniqueness.

Understanding customers' needs and offering premium products in market, makes us always No.1 choice of customers. We proudly claim to be the largest and only ISO 9001-2000 certified producer of electrical accessories in Pakistan meeting all national and international quality standards.

Despite of all house hold electrical and wiring products, Hero Electric already has set up a new project, for providing a complete Lighting solutions to its customers. For this purpose a new company has been established with the name of Dee sons Enterprises Lahore. This company is fully equipped with the state of the art machinery and equipments. For meeting the highest standard and quality, a set up of R&D along with testing Laboratory is established within the premises, equipped with the latest instruments and technology.

We have intellectual and dedicated staff in research lab, and highly skilled labor in production lines. We provide safer and better working conditions to our employees and show great concern for environment friendly practices in our operations. With substantial growth in past and responding to the emerging needs of our economy, we have expand our production facility to over 70000 sq.ft. in city of Sargodha and 80000 sq. ft. in city of Lahore, where highly skilled and trained workers are involved in producing the high quality products for national and international markets. Since Last many years, Company went global by making its exports to Middle East, Africa and South Asian countries.

Today Hero electric is top selling brand with wide range of electric accessories in Pakistan. Our product line includes British Standard as well as, Italian standard Switches and Sockets, Light and Heavy Plugs, and plug tops, Plastic and Metal Distribution boxes, Door Bells, Fan speed Controller, wall boxes, Extension Cords, Night Lamp. For some of our products such as, circuit breaker, Down lights, Power LED,s Bulb, PVC Insulation Tape etc., we have our collaboration with different companies in China, and we are in the process of Technology transfer from China to Pakistan.
